

**#4010 Four Leg, Anesthesia Shield**

**#4010 Four Leg, Anesthesia Shield**

## #4010 Four Leg, Anesthesia Shield Specifications

### When ordering:

- 1) Note the legs of the shield mount into rectangular bed rail holders. The legs have permanent stops to prevent slippage.
- 2) **Most** OR tables are similar in width. Please confirm dimension of table and shield width. These must be within 1/2" in order for the shield to fit properly. Pemco can manufacture the shield to the required width if needed.
